You can now change your preference or the curriculum context here. You can also select other course groups or deregister from **individual** courses by unchecking the box next to the group you are registered for. Then click on "Save" (see fig. 11).

If you click on the "Deregister" button, you will be deregistered from **ALL** course groups for which you are registered.

**Please note:** Should you wish to process your registration despite the fact that the registration and deregistration periods have already ended, please contact your faculty advisory service.
