<p>RECOMMENDED ACTION Recommended action in one of the named situations (positive test, close contact person, a member of the household).</p> <p>BASIC INFORMATION With newly occurring typical symptoms of COVID-19 (trouble breathing, fresh coughing fits, a temperature, loss of smell or taste), undergoing a professional test is recommended.</p> <p>After a positive self-test, taking a professional rapid test or PCR test is required without delay.</p>	<p>INFECTION A student has had a positive result of a rapid test or PCR test.</p>	<p>CONTACT PERSON Assistance for self-assessment An asymptomatic student is a close contact person or member of the household.</p>
<p>Isolation The student is obliged to go into isolation as soon as they are aware of the positive test. The isolation must normally take place in an apartment or other suitable place (quarantine facility). During their isolation, the isolated person is not allowed to receive visitors who do not belong to their own household.</p>	<p style="text-align: center;">X</p> <p>For 10 days from the first evidence. After 48 hours without symptoms, termination is possible after 5 days. FAQs on quarantine and isolation</p>	<p>After the last contact with the affected person, it is recommended to reduce personal contacts with other persons for 10 days.</p>
<p>Inform the Dean of Studies If it has not happened already, I will inform the dean of studies.</p>	<p style="text-align: center;">X</p> <p>if the student attended on-campus lectures/classes during the relevant period</p>	
<p>Communication of measures It is not necessary to communicate the matter widely to other participants in the class. However, depending on the mask and distancing situation in the respective classes, it may make sense to inform potentially close contact persons, if possible.</p>	<p style="text-align: center;">X if applicable</p> <p>If the student has been vaccinated, this will minimise the risk of infection even more.</p>	
<p>Doctor's certificate / quarantine confirmation notice If the student has to withdraw from an examination for this reason, I will require them to submit a doctor's certificate with a description of the symptoms or a quarantine confirmation notice.</p>	<p style="text-align: center;">X</p> <p>doctor's certificate or quarantine confirmation notice</p>
