

Status Report on Student Progress for the Local Immigration Office ("Studienstandsbescheinigung") – PhD students

A student residence permit must be renewed regularly. Consequently, after students have been in Germany for a certain period, the immigration authorities require a detailed report on how their studies are proceeding.

For the International Relations Office to take a position regarding the probable time of completion of doctoral studies we require both a statement by the doctoral student and also a short written statement of his/her doctoral supervisor on the following aspects:

- How far along is the doctoral thesis?
- Have there been reasons for delays in this regard?
- When is the completion of the thesis to be expected?
- When is the defence of the thesis / oral exam (viva) to be expected? (If such a statement can be given at this point.)

Please come with the completed document below and the statement of the supervisor to the consultation hours of Ms Monzel / International Relations Office, room 29, Seminarstr. 2.

Office hours in person: Tuesday and Thursday 10 a.m. - 12 noon

The certificate ("Studienstandsbescheinigung") will be issued after 3-5 working days and will be sent to you by email.
